Rumble Strips

Our Theme is True to the Word.

“And you shall know the truth, and the truth shall make you free”. John 8:32

You know...they carve them into the roadway to remind you are wandering out of your lane, off the road or into oncoming traffic. They bounce your tires, make a horrible sound and keep you focused when you might be losing it. Not a pleasant thing, but very useful, especially in this day of distracted driving.

We all need spiritual “rumble strips” in our lives to warn us when we wander. It’s so easy to gradually drift away, lose focus and let our priorities shift. God’s Word has a way of waking us up, calling us back to the Truth, and keeping us from falling into sin. That’s why we feel that broadcasting His Word is so important here at Thy Word Network.

You see, as the old preacher said, “sometimes it’s more important to afflict the comfortable than to comfort the afflicted.” We need to do both, and in Hebrews God calls us to “exhort one another every day...that none of you may be hardened by the deceitfulness of sin.” (Heb. 3:13) Which is exactly why we not only play music and programming that encourages and ministers to the weary and brokenhearted, but here on Thy Word Network we devote a significant part of our programming to the preaching and teaching of God’s Word. It challenges us, it warns us and it calls us to a higher standard than the world in which we live may provide.

It’s not always smooth sailing, like coasting along on a newly paved highway, but it can be jarring, rough and challenging to our souls, just like the rumble strips on the highway. And just as they encourage us to a better path, God’s Word gives a “lamp unto our feet” so we see where we are, and a “light unto our path” so we know where we’re going. (Reminds me of a song...) That’s why we do what we do, the way we do it, here on our radio network.

Thought you might like to know.

Blessings,

“Lives changed by the application of God’s Word through music and ministry”

..... **From You**

I am still enjoying the Sunday music that you play! I have also been enjoying the M-F 11:00 to 12:00 PM music.

You light up my life...

I know, bad pun....but we are moving forward with our tower light replacement later this month for WBGW-AM. These new lights are LED's and will flash White during daytime, red at nighttime. Made nearby in Kentucky, with the latest technology, they should last many years and use only a small fraction of the electricity that the old incandescent beacons use!
