A Long Obedience....in the same direction

More than 40 years ago, Eugene Peterson wrote this classic devotional work. Then, and even more so now, we live in an “instant,” culture where the value of slow, steady progress has been lost on the altar of immediate gratification. It reveals itself in so many ways, and we have become collectively impatient in our daily lives....or as the old prayer said, “Lord, give me patience, and give it to me NOW!”

With Christian radio, we have learned that lesson repeatedly, for our involvement with the Federal Government in building 8 radio stations over the past thirty years has been, if nothing else, an ongoing lesson in patience. The FCC has rules and regulations, never-ending paperwork, and complicated requirements that often change overnight. Yet by a steady commitment to the end goal we have seen God accomplish many amazing things.

But in the midst of all that, there has been a constant that causes us to rejoice on almost a daily basis...and that constant is YOU! Many of you have been part of our radio family for the entire time, while others have come along at different stages of our radio journey, contributing your prayers, your wisdom, your faithful giving and your time and energy to this on-going project. Your notes and cards have been a constant source of encouragement to all our staff, and praying with you and for you as we meet life’s challenges has been a real blessing as well.

So, even though we live in a day of renewed testing of our Christian Faith, it’s good to be traveling together....following the Lord, obeying His Word, and encouraging each other in this “long obedience.”

Thanks for being there!

Teach us to number our days, that we may gain a heart of wisdom.

Psalms 90:12

As we begin a New Year, we are going make this our key verse at Thy Word Network. Recognizing that each day is a precious gift, we purpose to use it wisely for His glory!
