## Footprints

It's always fun to come up to our main studio after a snowfall. Located north of Evansville in a rural, wooded setting, the transmitter/tower/studio site abounds in wildlife. We often see deer and turkey, and sometimes even a fox or a coyote. But most of the time, they remain hidden....until we have a fresh snowfall. Then the evidence of their presence is plain to see by the tracks they leave behind. The other

morning I saw cats, dogs, rabbits, squirrels, birds, raccoons and deer, or rather, the tracks they left behind. Those footprints tell a story of their comings and goings, and makes for interesting reading.

In broadcasting, we often speak of the “footprint” that a particular station has, determined by the characteristics of the transmission system- tower location and height, transmitter power and many other factors contribute to a unique operating result. Our “footprint” covers more than 50 counties in Indiana, Illinois and Kentucky, with a combined population of over 700,000. The potential doesn't stop there, for with our internet streams, we literally cover the world. A recent tally from our streaming provider showed listeners in Germany, Turkey, Philippines and Africa just in the last 30 days!

All that to say that I am reminded of our theme verse Psalm 119:105: ***Thy Word is a lamp unto my feet and a light unto my path.*** God shows us the way to go, and as we follow his direction, we leave “tracks” behind. Those footprints in the snow of life are a story of our obedience, evidence of our willingness to follow his lead, just as the “footprint” of Thy Word Network is testimony to the obedience of our founders, Don and Shirley Chagle. It also testifies to the faithful support and obedience of our listener-partners who have made this all possible as they leave their “footprints” behind....and only Eternity will reveal what God has accomplished through them.....just as the fresh snowfall revealed the unseen on that winter morning.

Christian stations- 1330 AM, 101.5 FM and 102.5 FM.....I  
listen to these daily.

## Year End Report

God is GOOD! As we came into the final weeks of 2023, we were about \$65,000 short of where we needed to be at year's end. I mentioned this as we sent out an e-mail, and you responded!! As the donations came in, we not only made up the \$65,000 deficit, we moved on past it with about \$5,000 more. Thank you for praying that God would meet the need, and thanks for giving so generously. We are so thankful for your faithful partnership with us as we head into 2024.

## Let 'em Know!
