Many hands...

The story is told of an elderly Chinese Christian pastor who came to America to hold a series of meetings. One evening a strong storm came up in the middle of the service, and the lights began to flicker...and then went out completely. Sitting there in the dark, the congregation began to wonder what they were to do when the guest pastor, speaking loudly, calmed them down and quickly said a word of prayer. He then asked them all to raise their hands...and amazingly, the lights came back on! The Chinese pastor then remarked “see, ancient Chinese proverb is true-many hands make light work.”

I know, it’s a silly story, but in the last few weeks we have seen God use the “many hands” of our listeners to help us recover from the perfect storm of damages and problems we shared with you last month. Your prayers and generous gifts have allowed us to repair and replace tower lights, repair generators and transmitters so that now, we’re almost back to normal. Praise God! It is so encouraging to see you step up and help us meet the challenge...your “many hands” have made the lights work, the generators run and the transmitters broadcast again.

Thank you for your partnership with us. When Don and Shirley Chagle began planning to begin this radio ministry back in 1989, little did they know that God had much more than just one radio station and much more than just a handful of people in His mind. Together, by his Grace (God’s power released) He has done amazing things through you, and He’s not finished yet....and if you’ve never given a gift before, now would be a great time to join our ministry team. Every day, literally thousands of people hear the Word of God through the music and ministry broadcast over 8 different radio signals, and your partnership makes it possible. Every prayer and every gift is important and plays a vital role in maintaining our radio ministry, seeing lives changed...for eternity. So, thanks for all you have done...are doing...and will do...for His glory!
