John 1:5

We just finished our annual Golf Outing, and it was a great day with over 80 of our Thy Word Network friends playing on what was the hottest day of 2024! They enjoyed some shade from time to time, a few light breezes helped to cool them off momentarily, but true relief came at the end of the day...when a cool ice cream treat was waiting for them in the clubhouse, in the air-conditioning!

Life is like that, and we face challenges, overcome adversity and push through the hard times with the end-goal in sight. The Apostle Paul put it this way:

I press toward the mark for the prize of the high calling of God in Christ Jesus. (Phil.3:14)

Notice, Paul had two primary motivations:

1. The “prize” of God’s high calling (NOW)
2. The ultimate reward: Jesus Christ, Himself (THEN)

It’s interesting that he considered all the difficulties he faced (shipwrecks, beatings, imprisonment and so much more) as a reward, a prize to be sought after, a goal to accomplish in this life. It is an unusual man or woman that will consider the daily challenges of life as something to be sought after, and it shows just how much he valued to be like His Savior and the “fellowship of His suffering” (Phil. 3:10). Paul looked beyond the daily grind and kept his eyes on the ultimate prize—Jesus Christ.

The ultimate reward of the words “well done, thou good and faithful servant” await us when we push through the hard times, the hot days, the valleys of life. It will be far better than anything this world has to offer, even a cold ice cream cone at the end of a hot day....

Thanks for walking with us on this high calling of broadcasting God’s Word on these Thy Word Network radio stations. Your prayers and financial support are a daily encouragement to us!

Radio Boot Camp kicked off this June with 8 students eager to learn about radio from our Thy Word staff. We started with the FCC, radio licenses, requirements and equipment, and then launched into hands-on learning with multi-track digital recorders on laptops. Students will learn how to create spots and promos, record and edit and much, much more. They'll learn how to prepare for and conduct interviews, practice good microphone discipline and proper voice technique. All in all, a lot of fun, and it will continue on through July, and you may just get to hear them on the air!

Learning Audacity.
